

Symposium Agenda 2013

- 8:30-8:50 AM** **Poster set-up/check-in: Ohio Union Great Hall Meeting Room**
- 8:50-9:00 AM** **Opening Remarks: US Bank Conference Theater**
Karin Musier-Forsyth, Professor of Chemistry and Biochemistry,
Co-Director CMBP Training Grant
- 9:00-9:50 AM** **Nicholas Ingolia, Carnegie Institution**
Introduced by RNA Fellows
"Genome-wide profiling of translation initiation and protein synthesis"
- RNA Fellows/CMBP Trainee/Postdoc Speakers: Dan Schoenberg, Session Chair**
- 9:50-10:10 AM** **Tami Coursey**
"Geminiviruses as models for cellular chromatin regulation and identification of histone readers"
- 10:10-10:30 AM** **Ian Fleming**
"RNA processing in *Trypanosoma brucei*: Where editing meets modification"
- 10:30-11:00 AM** **Coffee Break**
- 11:00-11:20 AM** **Daniel F. Comiskey**
"SC35 and SF2/ASF regulated damaged-induced alternative splicing of *MDM2*."
- 11:20-11:40 AM** **Prabakaran Nagarajan**
"The Role of Hat1 in Mammalian Development, Genome Stability and the Processing of Newly Synthesized Histones H3 and H4".
- 11:45-12:55 PM** **Lunch, Great Hall Meeting Room**
- 1:00-1:50 PM** **Reuben Harris, University of Minnesota**
Introduced by CMBP Trainee Ian Fleming
"DNA and RNA editing enzymes in Innate Immunity and Cancer"
- 1:50-2:20 PM** **Dongping Zhong, Department of Physics, OSU**
"Repair of ultraviolet-induced DNA damage by photolyase"
- 2:20-2:50** **Jane Jackman, Department of Chemistry and Biochemistry, OSU**
"tRNA processing and modification: rules are made to be broken"
- 2:50-3:40 PM** **Manny Ares, UC Santa Cruz**
Introduced by RNA Fellows
"Mechanisms that influence splicing decisions"
- 3:40-3:50 PM** **Closing Remarks**
Michael Ibba, Professor of Microbiology, Co-Director CMBP Training Grant
Daniel Schoenberg, Professor of Molecular and Cellular Biochemistry, Director Center for RNA Biology
Peter March, Dean, Division of Natural and Mathematical Sciences
- 4:00-5:00 PM** **Reception, Great Hall Meeting Room**
